INFORMATION DISCLOSURE STATEMENT

Attorney Docket No. Q65416

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant encloses herewith a copy of a corresponding Communication from a Foreign Patent Office citing such documents, together with an English-language version (if not already included) of that portion of the Communication from a Foreign Patent Office indicating the degree of relevance found by the foreign office.

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant submits the following explanations:

Japanese Patent Unexamined Publication No. Hei. 9-192937 discloses a surface treating method in which a surface treatment is conducted by using an electrode molded with powders containing hydride.

Japanese Patent Unexamined Publication No. Hei. 10-130318 discloses a method of manufacturing a discharge surface treatment electrode product is sintered at 600 to 1000 °c.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

Respectfully submitted,

Darryl Mexic
